Based on statutes and rules in effect as of 02/01/01

State Operated Services

II-3100

The State Operated Services System facilities, under the control and direction of the Department of Human Services, include five regional treatment centers, three specialized statewide service sites, one geriatric nursing facility, and state-operated community service sites.

Regional Treatment Centers

II-3110

Anoka Metro Regional Treatment Center

II-3111

ANOKA METRO REGIONAL TREATMENT CENTER (AMRTC) provides specialized treatment services for persons with mental illness, inpatient and outpatient treatment for chemically dependent persons, and detoxification services. Specialized mental health treatment services are provided for persons with a dual diagnosis of mental illness and chemical dependency and persons with a borderline personality disorder.

Brainerd Regional Human Services Center

II-3112

BRAINERD REGIONAL HUMAN SERVICES CENTER (BRHSC) provides inpatient services to persons with mental illness, chemical dependency, traumatic brain injuries, and elderly persons exhibiting signs of mental illness or challenging behaviors. Services for the mentally ill include an adult mental health program, an adolescent program, and a specialized program for adolescents who have cognitive deficits. In the chemical dependency area, programming includes primary residential and extended-care treatment to meet the unique cultural needs of American Indians. The Minnesota Neurorehabilitation Hospital, which is located on the Brainerd campus, serves individuals with acquired traumatic brain injury who have challenging behaviors.

Fergus Falls Regional Treatment Center

II-3113

FERGUS FALLS REGIONAL TREATMENT CENTER (FFRTC) provides specialized treatment services to persons with mental illness, and inpatient and outpatient care and treatment for persons with chemical dependency.

St. Peter Regional Treatment Center

II-3114

ST. PETER REGIONAL TREATMENT CENTER (SPRTC) provides inpatient treatment and rehabilitation services to persons with mental illness, or chemical dependency. Mental health programming includes comprehensive inpatient psychiatric and psychological services to clients who are mentally ill and hearing impaired.

Willmar Regional Treatment Center

II-3115

WILLMAR REGIONAL TREATMENT CENTER (WRTC) provides inpatient and outpatient care, treatment, habilitation, rehabilitation, community-based services, and crisis services for persons with mental illness or chemical dependency. Mental health treatment programming includes inpatient psychiatric services for adolescents with severe emotional disturbances; for adults with high-intensity, short-term treatment needs; and services for persons with a dual diagnosis of mental illness and chemical dependency. Specialized chemical dependency

treatment services are provided for women, adolescents, youth involved in the corrections system, and for persons withdrawing from cocaine and opiates.

Ah-Gwah-Ching

II-3116

AH-GWAH-CHING (AGCC), the state nursing home, provides rehabilitative treatment services to elderly persons, who, in addition to their physical care needs, have behavior management issues, or have been diagnosed with an organic brain disorder or a psychiatric disorder.

Statewide Service Locations

II-3117

Specialized forensic services are provided for the entire state through the Minnesota Sex Offender Program and the Minnesota Security Hospital located at Moose Lake and St. Peter, while services to developmentally disabled persons who pose a public safety risk are provided through Minnesota Extended Treatment Options in Cambridge. Admission to these services occurs through the civil court and criminal justice systems.

Admission and Discharge Procedures

II-3120

For information about admission and discharge procedures for the regional treatment centers and statewide specialized programs, please contact the facility admissions officer.

State-operated Community Service Sites

II-3130

State-operated community service sites are community based residential and vocational services operated by state-operated services in various communities throughout the state. Contact your local social services agency for information regarding these services and the service sites in your community.
